EFDN *PURPOSE AND
SUSTAINABILITY*
CONFERENCE

9TH & 10TH NOVEMBER 2021

**RAT VERLEGH STADIUM
BRED, THE NETHERLANDS**

European Football is teaming up for social change. Establishing innovative partnerships, sharing best practices and developing new programmes for sustainable impact are the goals of our EFDN Conferences. This November, EFDN is excited to meet its members and partners again in person during the 16th edition of the largest gathering of CSR-experts in European football. Join more than 200 professionals from over 100 clubs, leagues and FAs at NAC Breda's Rat Verlegh Stadium in the Netherlands.

This conference is the perfect platform for organisations of all shapes and sizes to share ideas and develop new concepts. Participants will discuss challenges like fundraising, sustainability, racism, gender inequality, social inclusion and youth crime. Conference attendees also have the chance to get insights into the community work of NAC Breda by attending practical workshops. The team spirit and the informal environment is what makes our conferences special. Together we are #Morethanfootball.
