We Make It Happen.

***The Mini-Pitch System™  
modular sports solution has an  
innovative, all-in-one design  
to help communities create  
fun and active play spaces by  
revitalising public areas.***

Created to assist the U.S. Soccer Foundation in providing safer places to play the game, the Mini-Pitch System™ is ideal for transforming abandoned courts and other underutilised areas into places where children and families can come together in the spirit of teamwork, empowerment, and physical activity. The system supports the Foundation's *It's Everyone's Game* movement to ensure that all children have access to the game and its many benefits.

### **Complete**

The mini-pitch comes as a modular system complete with lighting, fencing, goals, benches, ADA-compliant access, and lockable storage.

### **Convenient**

Assembly can be done by a three-person crew in approximately 16 hours.

### **Customisable**

You'll have options on the size of your pitch and custom signage to ensure it meets your exact needs. Surfacing is handled by another vendor on a project-by-project basis.

***“Since the installation at Santa Fe South, we’re seeing kids from different high schools hanging out and playing together almost every night. It’s unifying kids using these courts.”***

**– Mickey Dollens, Executive Director of the Energy Assist Foundation**
